

WISH BEAT

About Ambulance Wish Singapore

UEN: 201916704W

Ambulance Wish Singapore is a registered charity incorporated in May 2019 and an Institution of Public Character (IPC) that supports terminally ill patients and their loved ones through the simple yet deeply meaningful act of wish-granting.

By serving patients with a limited prognosis of less than 12 months, *Ambulance Wish Singapore* aims to transform the end-of-life experience by bringing moments of joy, peace and comfort to patients and their loved ones.

As a volunteer-enabled organisation, our work extends care beyond hospitals and hospices into homes and hearts across the community.

Our work is rooted in our motto, "Fulfilling Wishes, Celebrating Lives".

Our Mission

To create positive end-of-life experiences for terminally ill patients through the fulfilment of their final wishes.

Our Vision

To transform the end-of-life experience of terminally ill patients and their loved ones, beyond basic palliative care services.

FOREWORD

Every time a wish is fulfilled, it reveals something beautiful about the human spirit.

In this issue of Wish Beat, you will see how your generosity allowed Mr Bernard Neo to proudly don his graduation gown and how it helped Mr Sumri find the closure he longed for.

These moments belong to every one of you as much as the families we serve. Behind every beneficiary's smile is a donor who chose to make it happen.

However, the need for comfort never pauses, and keeping this mission moving requires a constant foundation of support. We are in the midst of a vibrant giving season.

Hot on the heels of our Cakes for a Cause fundraiser, we are now turning our focus to the fairways for Tee Off for Wishes.

These initiatives are the essential cornerstones of our charity. Every dollar contributed is an invitation to fulfil the next wish, serving as a celebration of life of a dear one. Through the collective strength of our corporate partners, donors, community allies and volunteers our joint efforts multiply our impact on the ground. When partners anchor our events and individuals share their resources, we create an invaluable network of care.

This shared dedication and support allows our team to continue stepping beyond the walls of hospitals and hospices, caring for patients and bringing comfort into hearts and homes.

Thank you for your kindness, your open hearts and your continued partnership and generosity on this journey.

FULFILLING A WISH

A Gift of Peace for Mr Sumri

Referrer: HCA Hospice

Wish Fulfilled: 1 May 2026

Volunteers Involved: Nurhuda, Pei See, Xiu Ru, Liana

For 71-year-old **Mr Sumri**, diagnosed with relapsed colon cancer, peace meant returning to the resting places of his late wife and late mother. Through a collaboration with HCA Hospice, our volunteer team helped bring this deeply moving wish to life on 1 May 2026.

Though his illness limited his mobility, Mr Sumri's children lovingly carried him to and from the gravesites, ensuring he could be right beside his loved ones.

Our volunteers, Nurhuda, Pei See, Xiu Ru and Liana, prepared umbrellas, fans and water to keep Mr Sumri and his family comfortable throughout the visit.

Surrounded by his family, Mr Sumri spent quiet moments at each grave, paying his respects and reflecting on the memories he shared with them. As he offered flowers and spent time in prayer, it brought an incredible wave of comfort to Mr Sumri, leaving his loved ones with a beautiful memory of quiet serenity. 🦋

A Celebration of Purpose and Determination

Referrer: Sengkang General Hospital

Wish Fulfilled: 4 May 2026

Volunteers Involved: Eric Chan, Wei Ling, Mukimah

Graduating from the Singapore University of Social Sciences (SUSS) with a degree in Social Work was a deeply personal victory for 32-year-old **Mr Bernard Neo**, who is diagnosed with advanced Stage 4 Adenocarcinoma. Through a collaboration with Sengkang General Hospital, our volunteer team helped bring this deeply moving wish to life on 4 May 2026.

To many of us, a tertiary graduation seems like a natural rite of passage and just one of many achievements life has to offer. To Mr Neo, this milestone meant the world. It cemented his personal conviction to become a full-fledged social worker, all while quietly bearing the heavy physical toll of battling cancer. Mr Neo simply refused to let his illness define the final chapter of his journey.

When Mr Neo finally walked across the stage in his graduation gown, many in the audience were moved to tears. In that beautiful moment, the university motto,

"Dream, Dare, Do",

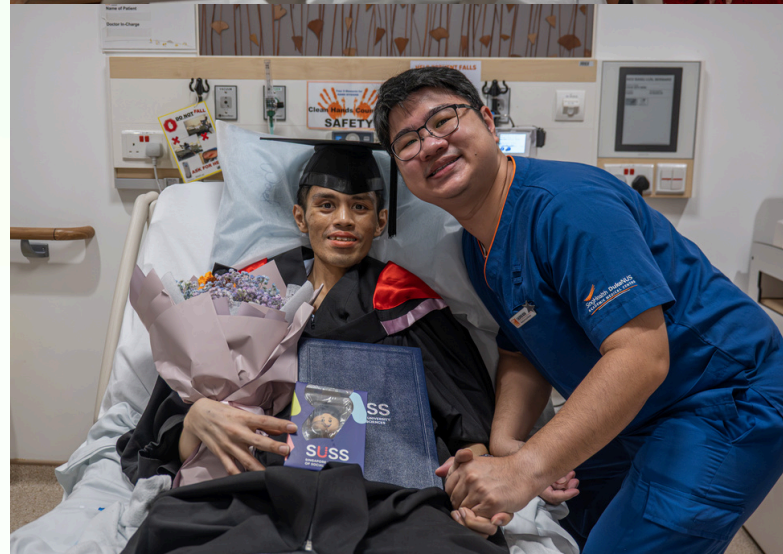

carried a far deeper meaning for everyone present at the ceremony. It perfectly demonstrated Mr Neo's incredible courage to dream, dare and do what once seemed completely impossible.

Every wish story is made possible by the kindness of our community.

Returning to the Comfort of Friends and Home

Referrer: Outram Community Hospital

Wish Fulfilled: 17 June 2026

Volunteers Involved: Lee Keng, Leshan and Yang Thye

Approachable, cheerful and almost always smiling, 87-year-old **Mdm Loh Swee Ee** is well-loved for her friendly nature. Before becoming unwell, she was rarely indoors, spending her days at the Active Ageing Centre and socialising across her estate.

Mdm Loh's wish was to return home, attend to personal arrangements and reconnect with the neighbours and friends who had become like family over the decades.

On 17 June 2026, our volunteers, paramedics and three relatives accompanied her back to her estate. After enjoying home-cooked porridge lovingly prepared by her cousin in her flat, Mdm Loh visited the Active Ageing Centre.

She was welcomed with open arms, warm handshakes and gentle touches, spending a delightful afternoon savouring KFC fried chicken and playing Rummikub with her long-time friends.

The visit gave Mdm Loh an opportunity to reconnect, share her hopes with her family and find peace among the people and places she holds dear.

As her cousin shared, "Thank you for taking time off your busy schedules to help Mdm Loh with her request. You all really made her day."

Special thanks to Outram Community Hospital for referring this wish, and to our volunteers Lee Keng, Leshan and Yang Thye for making this wish experience possible. 🌿

ECI Coaching for the Community, 18 April 2026

In April, Executive Coach International (ECI) hosted another successful edition of Coaching for the Community. Designed to make professional coaching accessible, the programme allows participants to receive pro-bono guidance while offering them the opportunity to support a meaningful cause.

Thanks to this generous initiative, ECI raised \$18,245 for Ambulance Wish Singapore in 2025.

New Volunteers Training, 17 May 2026

Our volunteer capability expanded in May following a successful training session for our incoming cohort.

Equipped with a deeper understanding of our mission, these dedicated individuals are prepared to step out into the community and create deeply meaningful wish-granting experiences.

Natural Resonant Soundbath, 27 June & 4 July 2026

As part of Ambulance Wish Singapore's Partners in Wishes programme, Natural Resonant returned to host two charity sound bath sessions. This meaningful initiative invited participants to experience deep relaxation and mindfulness through sound therapy, with proceeds going towards Ambulance Wish Singapore's wish-granting mission.

Cakes for a Cause

(a cake picnic-style fundraiser)

A massive thank you to everyone who made Cakes for a Cause 2026 such a wonderful success!

Our cake-picnic fundraiser was a deeply meaningful day, bringing our community together through a shared love of sweet treats and a heartfelt desire to give back. Together, we welcomed 468 attendees to share in the joy.

With the incredible support of 18 bakeries, 9 partners and sponsors, and 30 dedicated volunteers, we raised over **\$12,000!**

If you missed out on tickets to this fully sold-out event, you can still support our work by making a contribution on [Giving.SG](https://giving.sg).

HOW TECHNOLOGY CAN CREATE BETTER CHARITY EXPERIENCES

For charities, every event is more than a gathering. It is an opportunity to raise funds, engage communities and build meaningful relationships. But when the event ends, one valuable asset remains: data.

Technology can connect the entire participant journey, from discovering an event and registering, to checking in, participating, donating and staying connected after the event.

With a connected digital experience, charities can better understand who participates, donates and returns. These insights can reveal what motivates supporters, which activities drive engagement and what fundraising approaches work best.

Every event also becomes an opportunity to learn. Registration, attendance, donations and engagement data can help organisations improve future events and create more relevant experiences for their communities.

Most importantly, data can help charities show impact. Instead of simply saying thank you, organisations can demonstrate how many people were reached, how much was raised and how many lives were touched. When supporters see the difference they have made, they are more likely to stay connected to the cause.

At Deetz, we believe the future of charity events is about creating a connected journey from participation to engagement, fundraising and long term impact.

Because data is not just about numbers. It is about understanding people.

And when charities understand their communities better, they can engage them better, fundraise more effectively and build stronger communities for the future.

"We are grateful to Ambulance Wish Singapore for allowing us to be part of this meaningful journey. Together, we hope to continue using technology to bring people closer to the causes they care about, one meaningful experience at a time." - Daniel Ang, Founder of Deetz & Last One Standing

ABOUT DEETZ POWERED BY LAST ONE STANDING

Deetz is a robust cloud-based event management platform designed to eliminate the fragmentation that currently slows down the hospitality and events industry. By bringing together essential tools and connecting event data in one place, Deetz provides clear and reliable insights that help stakeholders make smarter decisions, reduce hidden costs, and deliver seamless event experiences.

When **Lee Keng** raised her hand to volunteer for a beneficiary's wish on 21 May, her teammates had no idea it was actually her birthday.

Knowing the date in advance did not hold her back. For Lee Keng, the decision was simple. Realising the beneficiary was the same age as her, she reflected on how while she could look forward to future birthdays, while the beneficiary might not have that same time.

Lee Keng shared,

"If a birthday is meant for us to count our blessings and celebrate life, then let me do exactly that by fulfilling the wish of my peer. I am thankful there is AWS to give us opportunities to cross paths with our beneficiaries, to do small but meaningful things for them."

Her decision echoes the words of Stephen Grellet, a sentiment Lee Keng holds close to her heart:

"I shall pass through this world but once. Any good, therefore, that I can do or any kindness I can show to any human being, let me do it now."

Let me not defer it or neglect it, for I shall not pass this way again."

Thank you, Lee Keng, for choosing to celebrate your special day by giving back and bringing joy to others! 🦋

Volunteers like Lee Keng are the heart of our mission.

REFER A WISH

These are the steps involved in wish requests.

1. Form must be completed and signed by the patient, next-of-kin, or official referrer (physician/medical social worker).

Wish Request Form

2. Wish Eligibility — *Ambulance Wish Singapore* will do the necessary checks to confirm whether the patient is medically eligible to receive the wish.

Anyone aged **19 and above** who has **<12 months prognosis**. This includes those with:

- **End-stage conditions**, eg organ failure and late-stage cancer
- General frailty and co-existing conditions with death expected **within 12 months**
- Conditions that put them at risk of dying from a sudden acute crisis
- **Life-threatening acute conditions** caused by sudden catastrophic events
- Is Singaporean or Permanent Resident
- Has not previously had a wish fulfilled by *Ambulance Wish Singapore*

Patients who may be eligible to receive a wish can be referred by:

- Medical professionals (eg doctor, nurse, allied health professional, medical social worker)
- Family members with detailed knowledge of patient's current condition

A patient may also apply for a wish directly by filling in the form found in the above button.

3. Determining the Wish

Ambulance Wish Singapore assigns a team of volunteer wish granters to explore the wish request.

With the assistance of medical social worker/wish referrer, wish granters will have a chat with the patient/next-of-kin to determine the details.

4. Granting the Wish

Once the wish has been confirmed, *Ambulance Wish Singapore* sets out to create a memorable and meaningful wish experience for the patient.

We strive to give timely attention to all wish requests and will liaise closely with the patient's healthcare team to ensure that their health condition allows the wish plan to be carried out. 🌿

What Can You Wish For?

Wish requests typically fall into these four major categories. The possibilities, however, are endless because each patient is unique.

I wish to go...

to a place of personal significance (eg home, beach), or attend a loved one's milestone event (eg birthday, wedding)

I wish to meet...

those who mean a lot to me, like my spouse, favourite television personality, childhood friends, or pet

I wish to have...

a meaningful experience, like a gathering or staycation, an outing, a photoshoot with my loved ones, or something special (eg riding a sports car, attending a concert, going on a yacht)

I wish to give...

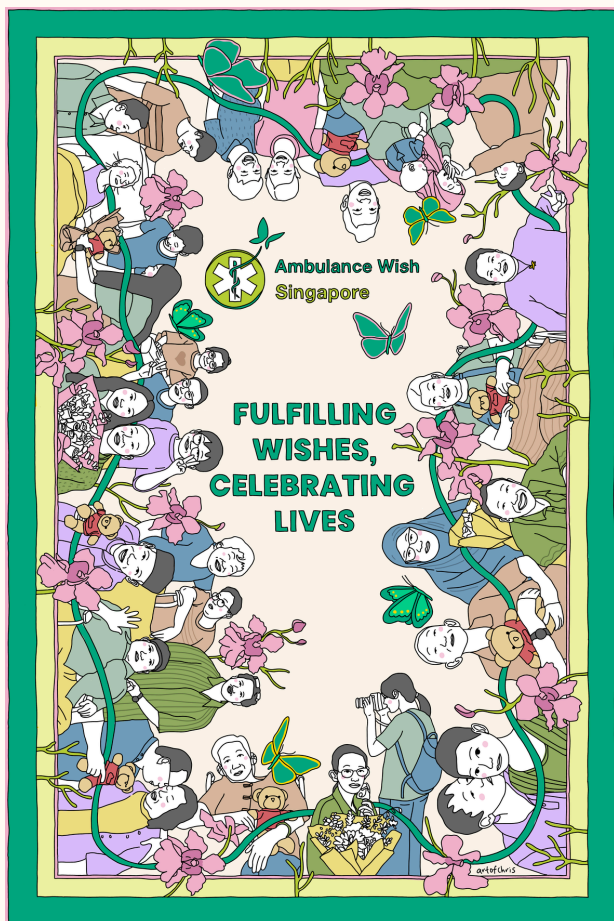

back to society through a fundraiser of my own, or leave a legacy (eg recipe book, personal biography, art exhibition)

BEHIND EVERY WISH

A blanket is something many of us reach for without a second thought. It keeps us warm through the night, bringing a sense of comfort, safety and familiarity.

For someone receiving palliative care, these small comforts mean even more. During a time of uncertainty, a familiar blanket offers reassurance, warmth and a gentle reminder that they are cared for.

That is the heart behind the blanket designed by Chris.

"The beauty of art is that it doesn't need to speak to be understood; it reaches the heart, offering warmth and a quiet sense of safety when it matters most."

**Chris Chew,
Illustrator & Interior Designer**

An interior designer and illustrator, Chris believes in creating with heart. Through colour, design and illustration, he hopes to bring joy, comfort and a sense of calm. His work reminds us that quiet gestures can offer profound support during life's most difficult moments.

Chris's blanket design draws inspiration from the heartfelt stories of wishes fulfilled. Woven throughout the artwork are vibrant florals, butterflies and joyful moments shared between patients, loved ones and volunteers.

Together, they form a garden-like tapestry that reflects togetherness, celebration, and the beauty of memories created together.

If you have the skills or products to make the world a brighter place, even for a little while, we welcome you to be a service provider.

AMBY BLIND BAG: ACRYLIC KEYCHAIN EDITION

Behind every wish is our beloved bear, Amby, keeping patients company and bringing comfort throughout their wish experience. Now, you can bring home an Amby keychain of your own and help us share that warmth with more families.

Each AMBY Blind Bag includes one AMBY acrylic keychain, with every design inspired by the different kinds of wishes Ambulance Wish Singapore helps fulfil. From Love, Food, Family, Memories, Legacy, and Me to our amazing Volunteers, each theme reflects the meaningful moments and people behind every wish.

More than just a collectible, every blind bag also carries a deeper story. Each bag includes a story card of a wish, explaining the inspiration behind the keychain design and connecting it to the heart of AWS's mission: bringing comfort, dignity, and joy to individuals by helping them experience one final meaningful wish.

All proceeds from the AMBY Blind Bags will go towards supporting Ambulance Wish Singapore, allowing us to continue fulfilling final wishes and creating precious moments for our beneficiaries and their families.

VOLUNTEER WITH US

Ambulance Wish Singapore is guided by a core belief that ordinary people working together can make a difference to the community we live in. Each one of us has the ability to make a positive impact, to change someone's life for the better or to simply bring some cheer in trying times.

In supporting terminally ill patients through the simple but deeply meaningful act of wish granting, we aim to also inspire and increase the opportunity to unleash the leadership potential of all our volunteers, regardless of age and background.

Please note:

- All volunteers need to be at least 18 years of age
- All new volunteers are required to go for a training session prior to a wish assignment
- We have a long list of new volunteers so we seek your patience and understanding that it might take time before you receive your training slot

We hope to spark a national movement to empower our volunteers to create sustainable change and transform the meaning of volunteerism.

We believe every person can be a force for good and make positive changes with your compassion and commitment to serve. There are many ways you can help and every bit helps.
